

Tell us why your Carer Counts

During National Carer's Week, Neami will be officially launching a new Carers Page on our website. This page will feature useful resources for consumers, carers and staff.

As part of the launch, consumers are invited to send through images related to the celebration of carers. We aim to showcase a different image for each day of National Carer's Week (October 15-21st).

Images can include:

- Photos with someone who cares for you
- A poem about your experiences/gratitude for a carer
- A short story about the role that your support/s play in your life (no more than 25 words)

These images may feature on the Carers Page, our facebook page, and may also be used on an ongoing basis in our communication materials relevant to carer inclusion at Neami.

Please submit images or queries to projects@neaminational.org.au by Monday October 2nd.

We acknowledge the Aboriginal people as the traditional owners of the land we work on and pay our respects to their elders past and present.

We welcome and appreciate diversity in all its forms, including staff and consumers, and believe diversity makes our teams, services and organisation stronger
